

Plastics Industry Recycling Action Plan (PIRAP)

Plastics Industry Recycling Action Plan (Packaging)

WRAP is coordinating an industry-wide group to...

- Develop and monitor a series of actions to enable achievement of plastic packaging recycling targets;
- Work with UK plastics trade bodies across the supply chain (i.e. BRC, BSDA, BPF, ESA, FDF, FPA, LARAC, PAFA, Plastics Europe, Recoup and others);
- Form working groups across the supply chain areas; and
- Hold steering group meetings – two per year, an on-going process.

Working groups cover the whole supply chain

- **Recyclability & technical barriers**
- **Collections & communications**
- **Sorting and reprocessing infrastructure**
- **Markets**
- **Systems and regulation**
